- ⇒ *The industry standard*
- ⇒ *Highly maneuverable*
- ⇒ *Custom designed for each grader*
- ⇒ *Standard plows and heavy duty wings*
- ⇒ *Allows for full machine articulation*
- ⇒ *Patrol style short posts available*

Clearing New England's roads and highway's for over 40 years, the Frink Grader Wing system is built to last. Cutting banks, opening roadways or clearing city streets, a wing system from the people with the "Snow-How" can make the difference for your winter operations. Put us to work in your fleet, and get more done, in less time!

America's snow country work horse for over 50 years
