

“P90/FP88” PATROL WING SYSTEM

“Proven over time to be the best there is”

The P90-FP88 patrol wing system by American Sno-plows is designed for heavy duty snow and ice control. Durable frame design with minimum chassis footprint for compact installation.

FP88 Front post includes 8” I-beam, hydraulic/ cable wing control with safety-trip, non-trip or rubber compression trip assembly.

P90 rear saddle assembly designed for rock-solid rear wing brace mounting includes a 7” wide under-chassis mounted saddle to allow the truck body to be mounted directly behind the cab. Single wing arm design is available in fixed or hydraulically extendable formats.
