

CSA SERIES REVERSIBLE PLOWS

“Proven over time to be the best there is”

The CSA reversible plow offers a full moldboard trip configuration with adjustable compression spring arm trip assembly for positive tripping action in heavy duty snow removal situations. Designed with a j-curve moldboard with integral snow shield to minimize blow back over the plow and maximize productivity. Hydraulically reversible to meet all your snow removal requirements.

Available in 10, 11 and 12' lengths. 42" moldboard height, 10 gauge steel. Reverses to 37° off center, left or right.
